

Club Equipment

The following canoes, kayaks and other kit are available to members. Please contact Claire Adams to borrow something, or to book it for a future trip.

We have no central equipment store. All items are held at members homes so Claire must be kept informed when any item changes hands.

All canoes are equipped with two paddles, and all kayaks with a paddle and deck. Please keep these together if you hand the boat to another member.

Please let Claire Adams or Barry Deakin know if anything is worn out, damaged or lost.
